

World RUPAY - OLF Signal

WHAT IS **OLF Signal**?

Olf Signal - is based on **RUPAY** platform unique product, which provides an opportunity to earn money with minimal risk for experienced traders and beginners.

RUPAY has its own neural network that analyzes cryptocurrency trends and provides trading signals that gives profit in more than 75% of deals (actual statistic of RUPAY traders).

Everyone can buy trading signals for **OLF** coins (a coin with limited issue, used on the **RUPAY** as transaction gas)

OLF coins can only be purchased on the **RUPAY** and used to purchase a signal package.

OLF Signal program offers the opportunity to earn money not only on trading signals, but also by participating in a rich marketing program aimed at worldwide popularizing **OLF Signal**

ADVANTAGES OF **OLF Signal**

Buying a package with the **neural network** trading signals, you immediately get access to high-margin trading

Usability

The efficiency of deals reaches **90%**
Signals work on both rising and falling markets

Profitability

Your potential income is limited solely by your speed of response, choice of **signal package**, and promotion through a marketing program

Unlimited Income

OLF Signal, allows you to earn from several directions at once, independently managing your funds, time and your own life

FREEDOM

TYPES OF **OLF Signal's** EARNINGS

You will start earning in the **OLF Signal** program immediately after activating the **signal package**, receiving signals from the neural network and using them to enter and exit trades

Additional, but no less weighty income will be received by the participants of the marketing program. Closing marketing levels will not only allow you to receive **OLF** to your account from participation in the marketing program of partners, but will also help you to receive **valuable gifts**

If you actively follow the marketing system, you will be able to receive signals practically for free, as your **OLF** balance will be replenished due to the **activity** of your partners

HOW TO START **OLF** Signal?

To buy signals from the **RUPAY** platform neural network you need to:

- 1 Register on the **RUPAY** platform
- 2 Purchase the required amount of **OLF** on **RUPAY** exchange
- 3 Go to the **OLF Signal** section and buy the required signal package
